I have known Bill Carter (Carter Construction) for over 15 years. We have had an excellent working relationship for the last 5 years. Bill is one of the rare breed of individual who values his reputation and honesty more than money. He has been extremely valuable to Great Western Bank in a number of ways;

He has always given Great Western top priority in completion of his work. He bids the jobs accurately, correctly, and in a timely manner. He is conscientious about looking after Great Westerns best interest. He will always approve all expensive or unusual items with me before he proceeds.

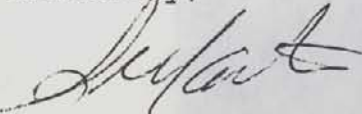

He has the work completed on time and is excellent about doing follow up and come backs if necessary. He once completed a 12 unit apartment project in 2 weeks so we could close escrow on time. He has also helped out in a consulting capacity in litigation, and in negotiating the sale of some income property. He has been agreeable to travel to some of the rural locations to help out there.

Bill has done all types of work from clean outs to board ups, to commercial, apartment, and residential construction. He is one of the few contractors that I feel comfortable with using on my more expensive homes. Bill has built a number of custom homes that I have seen and they are superb.

Carter Construction is financially sound and does not require upfront money or draws to complete the jobs. Bill is not a contractor who only works for the bank until he can go out on his own. He is a small operation and enjoys working with the bank. I know that when I call Bill and ask him to do something, that it will be done and done correctly.

I look forward to a long and lasting professional and personal relationship with Bill and Carter Construction. If you wish further information please feel free to contact me at 221-5530

Sincerely,

Shannon Martin

Re: Bathroom Remodeling

Dear Bill:

Thank you so much for again coming to my rescue. You and Matt did a great job. It would be better, of course, if the problems didn't cost thousands of dollars. Hopefully, a tree won't fall on my car to top off the year.

Thanks again.

Best Wishes and Happy Holidays

Dear Bill:

Enclosed is the check for the roof job. Thank you so much for taking extra time to help me out. It was unfortunate for me that the roof had to be redone at this time, however, your help made it at lot easier.

Thanks again,
